REPORT OF TRAINING SCHOOL FOR 1915.

JANUARY 1, 1916.

Alumnæ and Friends of the School.

GREETING:

STATISTICS.

At the beginning of the 43d year of the school we have the following report to submit:

Number of nurses in the school.....	183
Graduates	29
Probationers	33
Total	245

Ten hundred and seventy-five nurses have been graduated; 196 have died or been lost sight of; 292 have married, 67 are home; leaving approximately 520 in the field of active work, of these about 225 are doing private nursing and 295 are engaged in different branches of work; 52 are superintendents of hospitals; 18 are superintendents of training schools; 32 are assistants in schools and hospitals; 34 have been or are doing war nursing; 12 are specializing in operating-room work; 15 in public health; 15 in social service; 7 are anesthetists and 12 are instructors in nurse training schools. Five of the graduates of last year's class have taken positions as instructors. This doesn't complete the statistical schedule; several graduates have studied medicine and are now successful practising physicians, but it is noticeable that since nursing itself has presented so many varieties of interesting work, fewer are using it as a stepping stone to another line of work.

We have had during the year 1200 requests for circulars of information and application blanks and at least 300 applicants for entrance to the school. Of these, about 100 were accepted, 50% or more having had more than high school education. Few people realize what a demand there is for the broadly educated nurse, even in private practice. The nerve and mental patients, or those who depend upon the nurse for companionship, need the well-educated woman. Only recently one of our own private patients requested a special who could talk and read French with her and who was college educated, if obtainable. Nurses who can speak foreign languages are invaluable in a hospital, which admits patients of all nationalities, also in public health work, and those who were thus equipped in the present war have been of double service.

These mental accomplishments may stand for adornment in society, but in our work they are transformed into most practical values.

AFFILIATIONS.

Twenty-seven pupils are on duty in affiliated hospitals or departments, which are as follows:—

Boston Lying-in Hospital	2 nurses
Wesson Maternity Hospital	15 "
McLean Hospital	3 "
Convalescent Hospital	1 nurse
Instructive District Nursing Association	1 "
Social Service Department	2 nurses
Massachusetts Charitable Eye and Ear Infirmary	3 "

The sixty days' course in the Eye and Ear Infirmary is the last elective that we have offered our students, and Margaret Gilson Reilly was the first nurse sent there, May 1, 1915. The number was soon increased to three, and we now keep that number there. The course has proved very interesting and popular.

We have five pupils from the Children's Hospital and two from the Faulkner Hospital taking a four months' course. One graduate from St. Luke's Hospital, Bellingham, Washington, is taking a six months' course.

During the summer we had four pupils from the North Adams Hospital for a two months' course.

War Nursing.

Thirty-four or more of our graduates have been, or are, doing war nursing in England, France, Belgium and the Dardanelles. Some have gone under the auspices of the Red Cross, others with the Harvard Units and several as independent volunteers.

One has given her life to the cause; Mrs. Jaggard, who was Jessie Brown when in training, died on the island of Lemnos, September 25, 1915. Mrs. Jaggard was matron of the hospital at that post and her surviving friends and relatives at least have the comfort of knowing that she died doing efficiently and bravely what seemed to her a paramount duty to her country. Not many months ago, Mrs. Jaggard expressed her affection and loyalty to our school by a check of $50 towards a class present for the New Nurses' Home and a beautiful tribute to the school in a letter to Mrs. Houghton, one of her classmates.

Resignations from the Training School Faculty.

Miss Amy P. Miller, Dr. Robert M. Green and Dr. F. Gorham Brigham, all of whom have been instructors in the training school for several years, have resigned, much to the regret of the whole school. They have all put more than the usual amount of interest and enthusiasm into their work and the results obtained have proven their efficiency.

Miss Miller was the first resident nurse instructor of theory, who devoted her whole time to the work. She and Miss McCrae, the practical instructor, have the honor of having started the preliminary course for probationers, which has proven a great success.

There have been many other changes during the year, too numerous to mention, but matrimony and larger professional opportunities were responsible for them, and the graduates who have left us carry with them into their new spheres our best wishes for success and happiness.

Reunion, September 13th and 14th.

The program provided by the Alumnæ Association and the hospital for the visiting graduates was very much enjoyed. Every class but three was represented and several graduates who had not been back for years were present. Three of the former superintendents came both days and Miss Richards posed for some excellent photographs.

Editorial from the December Quarterly.

Coöperation. If our nine hundred or more graduates all belonged to our Alumnae Association, what a splendid work we could do! It would mean an income of $1800 a year. The support of our *Quarterly* would be an easy matter —in fact, we could afford to increase the reading matter and the number of illustrations. It would induce advertising. We could give, perhaps every year, a Teachers' College scholarship to some members of the Alumnæ, who would profit by it and thereby become fitted for larger responsibilities; or perhaps a loan fund for the use of students in training could be maintained. All this is the material advantage of a large membership. The spiritual advantage of so large a group all banded together in sympathetic accord, cannot be easily estimated. But it is safe to say that such an organization would be a bulwark to the hospital and an inspiration to the officers of the school.

An Endowment Fund for our School.

Why we need one. The size and importance of the school entitles it to adequate financial support. The difficulty of adjusting and fulfilling the duties toward our patients and toward our student nurses is difficult at best, and efficiency should not be handicapped by the constant necessity of adjusting the needs of the school as a school, to financial expediency.

It should be made possible to provide for the best of instruction and equipment without drawing on funds that are equally needed by other hospital departments. All the arguments that apply to the necessity of endowments for other schools apply with equal force to the needs of nursing schools.

The services rendered by nurses in the hospital and in the community are as valuable to the community as the services of graduates of other schools.

Who should furnish the endowment? The graduates of the school should appreciate more keenly than any one else how desirable an endowment would be. They should take more interest than anyone else in creating such an endowment because they know the value of the work done by the hospital and how much of their own success is due to the prestige of having graduated from the Massachusetts General Hospital. The value of our diplomas increases in proportion to the prestige of the school.

Our graduates should be as ambitious to see our school in a position to lead as are our doctors and administrators ambitious to have the hospital one of the leading institutions in the world. All people who believe in education, who believe in nursing and public health work, should legitimately be interested in seeing our school on a good economic basis.

How would it be administered? To be administered by the trustees and the training school committee of which committee are the superintendents of the hospital and training school, and a member of the alumnæ.

GIFTS TO THE ENDOWMENT (OR TRAINING SCHOOL) FUND; TO THE SCHOOL; AND TO THE NEW NURSES' HOME.

$420 for Endowment Fund
$200 pledged to Endowment Fund
Tea carriage and furnishings from Class of 1915 for New Home
Music book from Fannie R. Howe
Magazines from Mrs. Alexander Whiteside
Books for Library from
Mrs. William W. Vaughan
Mrs. Thomas Motley
Miss M. L. Whitmore
Mrs. Herbert Burrell
General and Mrs. Appleton
Miss Louise C. May
Two Jacobean hall chairs, pedestal and fern from Classes of 1894, 1895 and 1896.
Victrola Record from Dr. Washburn
Scholarship ($50) from Mrs. Nathaniel Thayer
Scholarship ($100) from Alumnae Association.

Miss Agnes D. West of the Leache Wood Seminary, Norfolk, Va., has sent $100 to start the Marion Moir West Loan Fund for student nurses who need assistance during their period of training. This fund is in memory of her sister, a graduate of the 1889 class, who died last year after a long, painful illness, heroically borne.

The pupils in the school gave $80 worth of roof furnishings to the dormitories, and pupils and graduates gave $100 to the Depage Hospital Fund. The fact that these gifts signify affection and loyalty make them doubly valuable.

STUDENT GOVERNMENT IN THE SCHOOL.

For the student body, now numbering about 200, the best thing to report has been the growth among them of the idea of self-government on an honor basis. No one, except nurses themselves, can know how much easier it is in most ways to throw all the responsibility on the faculty. With an ever-changing body of students, absorbing occupation, long hours of work, it requires a very special effort to attend class meetings, to do proctor duties, etc., but the idea is well rooted and its development among so many young women will make for increased moral responsibility.

CLASS 1915.

Miss Alida Winkelmann won the first prize, which was the school pin, for her senior essay. Miss Marion Fuller won the second prize, "The Life of Florence Nightingale" by Sir Edward Cook. Miss Alida Meyer won the prize of a school pin for the best collection of notes on all the work of the course. Mrs. Nathaniel Thayer gave the prizes.

Fifty-one have graduated, 4 are at home; 8 are doing private work; 1 is married; 25 are doing executive work; 3 are social workers; 4 are instructors; 4 are operating-room nurses; one is an anesthetizer and one is a visiting nurse.

Sick Relief Association.

About 80 of our graduates belong to the Sick Relief Association and about $6000 has been accumulated. Several nurses have received benefits and several nurses have used the free bed in the hospital, but a few nurses too far away to use the free bed and who have never joined the Sick Relief Association, have been unfortunate and have needed assistance.

Many members of the Sick Relief Association feel that it ought to be reorganized so that all our graduates might have the benefit of the fund. This could be done only by raising the annual dues of the Alumnæ Association so that there would be an individual annual contribution to the Sick Relief Fund. Those of us who now belong to both Associations pay $2.00 to the Alumnæ and $5.00 yearly to the Sick Relief Association. We think that $4.00 or $5.00 yearly ought to cover the whole thing and make our work much more effective. For the benefit of those who do not know about the fund, I will say that as it stands at present, anyone, who has been a member of the Sick Relief Association more than a year, is entitled to a benefit of $10.00 a week when sick more than one week and unable to work, up to a limit of eight weeks a year.

If, by paying $4.00 or $5.00 a year to the Alumnæ, we could belong to both associations, support our *Quarterly Record* and have the satisfaction of making the Alumnæ an effective organization, would not the money be well spent?

Will all the graduates who read this please write to me and tell me frankly whether they would approve of the change suggested, and how much they would be willing to pay for annual dues? The information will be acted upon at the Alumnæ meeting. At the same time, please send any items of interest for the *Quarterly Record.*

Reunions or Local Branch Alumnæ Meetings.

Would not our Association be strengthened if all our graduates in different states would take the opportunity when the State Associations are in convention, to meet together for lunch or tea and a social time? If, at these meetings, a secretary could be appointed to send an account of the reunion to the *Record*, we might all receive some of the benefit.

In closing, I want to urge on all the graduates the importance to the school and hospital of their help and interest, and to remind them that every improvement and advance in the hospital and training school enhances the value of their diplomas. We should like each graduate to send to the training school office, *in writing*, changes of address and occupation. Failure to receive announcements and invitations is usually due to our ignorance as to the addresses of many of our alumnæ. We want news items concerning all our nurses for our *Record.*

With every good wish for each and all during the New Year, I am,

Cordially yours,

Sara E. Parsons.
